

# Sunshiny Day

Neffa

Sunshiny Day  
Searching for something sweet  
I live the city screams  
Somewhere there's an ingent to me  
Somebody who's made for me

So I get day's long I've got to call my brain  
I'm looking for my love and I can't be late  
Nothing else and nothing else to gave  
I'm finally back up on filling me  
It's bright... sunshiny day... sky's are so blue... and I'm liv  
ing... or I know there is so late, there is so love... got to b  
e there

I'm happy you and me  
Someday my baby and me  
Should be like honey to kiss  
Should be the one I need

So I get day's long I've got to call my brain  
I'm looking for my love and I can't be late  
Nothing else and nothing else to gave  
I'm finally back up on filling me  
It's bright... sunshiny day... sky's are so blue... and I'm liv  
ing... or I know there is so late, there is so love... got to b  
e there
