

About My Sorrow

Negative

Gdur **Cdur**
From chains to freedom

Emi
From hate to love

Ddur
One by one

Slowly crying and shedding tears
Love's starving

You need forgiveness
For mortal sins
Everything is blackened

Gdur **Cdur**
From light to darkness

Emi
You will survive

Fdur **Ddur Ddur**
Still go on, you won't be alone

Lay down with me
For tomorrow
I will be waiting
Lay down with me
Maybe tomorrow
Love won't be waiting

When your heart is empty
And consolation is all you need
Your heart is surrounded with a broken shield
No consolation, no bitter tears

Cdur **Gdur**
Lay down with me

Ami
For tomorrow

Emi
I will be waiting
Lay down with me
Maybe tomorrow
Love won't be waiting

CdurAmiEmiDdur

One last forgiveness
One last temptation
You're all I need

From light to darkness
From hate to love
That's what we are

Lay down with me
For tomorrow
I will be waiting

Lay down with me
Maybe tomorrow
Love won't be waiting

Lay down with me
For tomorrow
I will be waiting
Lay down with me
Maybe tomorrow...
Love WILL be waiting.
