Negative

**Ami** C G  
On and on I was looking for freedom  
**Emi** G **Ami**  
Less and more I found it by you  
**Ami** C G  
This darkened sky of our heavenly kingdom  
**Emi** G **Ami**  
The thing in common is there's not so much left to say

**Ami** C  
R: Are you ready or not  
Ready for the **Ami**  
truth

G  
Sick and tired of this nonsense  
**Emi**  
I'm frustrated by you

**Ami** C G  
The sounds of silence are getting louder  
**Emi** G **Ami**  
Breaking the bond we protected so long  
**Ami**  
I don't see reason

C G  
To ponder with this any longer  
**Emi** G  
There's no turning back  
**Ami**  
Just one way to fall  
G  
Fall apart

R:

**Ami** C  
In a life that we live in  
**Ami**  
For the love we believed in  
G  
This might be the day we die  
**Emi**  
So we can be born again

**Ami** C  
And life should be easy  
G  
When there's someone to hold on  
**Ami**  
That's what they told me  
G **Emi**  
That's what I thought

R:

**Ami** C  
In a life that we live in

**Ami**  
For the love we believed in

**G**  
This might be the day we die

**Emi**  
So we can be born again

**Ami C G**  
On and on still looking for freedom
