

Friend

NEIKED

I called you again
Three times today
To ask about your weekend
Don't I always?

Now you've gone quiet
I haven't heard from you
Oh, maybe you didn't like it
That I just wanted to be your friend
I just wanted to be your friend

I didn't mean to offend
Or string you along
Maybe we shouldn't have had sex
Maybe I should have gone home
I had a good time
It's not you, it's me
It's just not the right time
Right time

Cause you and me
We would never work romantically
You were never meant to carry me
That's why I said it first and you agreed

I just wanted to be your friend
I just wanted to be your friend

I would think twice
If I could go back
And ask my mother's advice
Cause she always knows best
It would be a shame
If you're out of my life for good
But I'd understand

Cause you and me
We would never work romantically
You were never meant to carry me
That's why I said it first and you agreed

I just wanted to be your friend
I just wanted to be your friend

I just don't love you (I just don't love you)
The way that you want me to (the way that you want me to)
I just don't love you
I just don't love you (I just don't love you)
The way that you want me to (the way that you want me to)
I just don't love you (I just don't love you)

Cause you and me
We would never work romantically
You were never meant to carry me
That's why I said it first and you agreed
I just wanted to be your friend

Cause you and me
We would never work romantically
You were never meant to carry me
That's why I said it first and you agreed
I just wanted to be your friend
