

## Old School Love

NEIKED

I'll pick you up at eight, no need to complicate  
It's that old school love, old school love  
Flowers in my hand, I'm gonna take it back  
To that old school love, old school love

I don,t promise a lot, but I'm keeping my word  
I'm never gonna desert you  
You want something real and I want it too  
I don't feel like me without you

I'll pick you up at eight, no need to complicate  
It's that old school love, old school love  
Flowers in my hand, I'm gonna take it back  
To that old school love, old school love

I'm keeping it classic, I'm keeping it real  
Physically and emotionally  
I'm not gonna lie, I know what you need  
Two glasses of wine and a movie

We don't need to rush things, no, no, no  
We don't need to push it, yeah, yeah, yeah  
We don't need to mess it up, nah, nah, nah  
I'm down with just driving you home, yeah

I'll pick you up at eight, no need to complicate  
It's that old school love, old school love  
Flowers in my hand, I'm gonna take it back  
To that old school love, old school love  
Old school love

We don't need to rush things, no, no, no  
We don't need to push it, yeah, yeah, yeah  
We don't need to mess it up, nah, nah, nah  
I'm down with just driving you home, yeah

I'll pick you up at eight, no need to complicate  
It's that old school love, old school love  
Flowers in my hand, I'm gonna take it back  
It's that old school love  
It's that old school love  
It's that old school love
