

## A Fool All Over Again

Neil Diamond

You left me once  
For someone new dear  
Then he left you , dear  
And to ease your pain  
I took you back  
Now I discover you've found another  
And I'm a fool all over again

You came back cryin'  
Said you were wrong  
But you were lyin' all along  
My friends all said  
That you'd forsake me  
And that you'd make me  
Part of your game  
But I said  
No, she she'll stop her messin'  
She's learned her lesson  
Now I'm a fool all over again
