

## And the Singer Sings His Song

Neil Diamond

Young it was  
True it was  
Days without wond'ring  
Full with a special thing  
Laugh, I could laugh  
And I did

And the singer sings his song  
And the children dance along  
And the singer sings his song  
And we dance along

Good it was  
When it was,  
We chased the flowers  
Warm summer showers  
Once, it was once  
Long ago

And the singer sings his song  
And the children dance along  
And the singer sings his song  
And we dance along

Once, it was once  
Long ago

And the singer sings his song  
And the children dance along  
And the singer sings his song  
And we dance along  
And the singer sings his song  
And we dance along
