

# Christmas Prayers

Neil Diamond

You're in my Christmas prayers  
And in my Christmas dreams  
In every Christmas story told  
In every song I sing  
In every song I sing

When I hear people laugh and I see children play  
Reminds me of that photograph  
Of us on Christmas day  
It's us on Christmas day

I see you standing there smiling down on me  
As I untie the gifts that lie  
Beneath our Christmas tree  
And every Christmas day

I know I'll find you there  
You'll always be the answer to  
My every Christmas prayer  
My every Christmas prayer

Grandmas, grandpas, fathers, mothers  
Friends I've loved dear  
Sisters, brothers, sons and daughters I once played with  
Aunts and uncles I once stayed with

Their story will be told as long as love recalls  
Those loved ones smiling down on me  
The greatest gift of all  
The greatest gift of all

The loved ones far and near  
Will be forever there  
It's Christmas up in Heaven too  
With love beyond compare  
With love beyond compare

Don't have to read the book of life  
Behind the veil of tears  
You'll always be right here with me  
And in my Christmas prayers  
You're in my Christmas prayers
