Heaven Can Wait

Neil Diamond

Heaven can wait for a while 'Cause I've got some things left to do And I'm going home to a place I've been gone from too long Without being with you

Heaven can wait for a while I've got some things left to see Take me along to a place I've been gone from too long Without being with you And heaven can wait till I do

Heaven can wait for a while I've got some things left to say And I'm going home to a place I've been gone from too long Without being with you

Heaven can wait for a while 'Cause I've got some things left to do And I'm going home to a place I've been gone from too long Without being with you And heaven can wait till I do And heaven can wait till I do You do one Richie....
