

# Independence Day

Neil Finn

As it was in the beginning  
So it will be in the end  
You have to keep on guessing  
The world will never change

I'm sending you a message  
From a million miles away  
Are you aware you are controlled  
By forces still unknown

There will be no sunset  
When the rain is falling  
It's hard to hear thunder  
When the river keeps roaring  
Then one day it's over  
Like it never happened  
Disappear without a trace  
On Independence Day

We are use to thinking  
Our plans were set in stone  
You're giving me an update  
You think every one has to know

I guess I am an accomplice  
To the true original sin  
So let me take your suffering  
Let me take you in

There will be no sunset  
When the rain is falling  
It hard to hear thunder  
When the river keeps roaring  
Then one day it's over  
Like it never happened  
Disappear without a trace  
On Independence Day  
Disappear without a trace  
On Independence Day
