

Caribbean Rainbow

Neil Sedaka

Sailin', glidin' on the water,
A sailor's life is a life that's free,
So easy, sail Caribbean Rainbow,
Ain't hung up on no one, no one's hung on me.
I call her Caribbean Rainbow,
She's always been my lover.
Whichever way the wind blows
That's where she's takin' me, takin' me.

I go sailin', I go glidin' on the water,
A sailor's life is a life that's free,
So easy, sail Caribbean Rainbow,
Ain't hung up on no one, no one's hung on me.
Her sails are all silk and sing in
Harmony with the weather.
She keeps my head together
Way out across the sea, 'cross the sea.

I go sailin', I go glidin' on the water,
A sailor's life is a life that's free,
So easy, sail Caribbean Rainbow,
Ain't hung up on no one, no one's hung on me.

Come on, come on Caribbean Rainbow,
Come on, come on Caribbean Rainbow,
Sail me away.
Come on, come on Caribbean Rainbow,
Come on, come on Caribbean Rainbow,
Sail me away.
Come on, come on Caribbean Rainbow,
Come on, come on sail me away.
Come on, come on Caribbean Rainbow, come on, come on,
Sail me away.

I go sailin', I go glidin' on the water.
A sailor's life is a life that's free, so easy, yeah,
Sail Caribbean Rainbow,
Ain't hung up on no one, no one's hung on me.
