

Let The People Talk

Neil Sedaka

People tell you that I'll break your heart
(Let the people talk)
Don't you listen when the rumours start
(Let the people talk)
Just because I played around in the past,
They say that our love won't last.
Don't you listen to what they're tellin' you,
Just let 'em talk.

No one seems to think a guy can change
(Let the people talk)
I fell in love with you, is that so strange?
(Let the people talk)
When the people start to put me down,
Don't you hang around.
When the rumours fly baby walk on by,
Just let 'em talk.

Let the people talk,
Let the people talk,
Just let 'em talk.

Maybe baby won't you take my hand
(Let the people talk)
Nothin' matters if you understand
(Let the people talk)
I'm not the kinda guy I used to be,
You made a change in me.
I'm in love with you, if you love me too,
Just let 'em talk.

Baby baby let the people talk
(Let the people talk)
Baby baby let the people talk
(Let the people talk)
Baby baby let the people talk...
