

Love is Spreading over the World

Neil Sedaka

The hills
Are alive
And the Earth
Is hummin'
Love is spreadin'
Over the worl
Put your ear
To the ground
You can hear
It comin'
Love is spreadin'
Over the world

Hear it
In the trees
As the breeze
Is blowin'
See it
In the fields
Where the grass
Is growin'
Pretty soon
Yur heart
Will be over
Flowin'
With love
Sweet love

Shout it down
From the
Highest steeple
Love is spreadin'
Over the world
Give the word
To all
Of God's people
Love is spreadin'
Over the world

Everybody
Is somebody's
Brother
Now is the time
To love
One another
Hand in hand
We can make
It together
Love is spreadin'
Over the world

Love is spreadin'
Over the world
