

# While I Dream

Neil Sedaka

While I dream, while I dream  
Dreams of you  
While I dream, while I dream  
Dream of you

It doesn't cost a penny anyone can dream  
So I hug my pillow, silly as it seems  
Through the night (I hold you tide)

While I dream, while I dream  
Dream of you

Breathless I enfold you, hold you to my heart  
I know when I awaked here tears are 'bout to start  
Through the night (I hold you tide)

While I dream, while I dream  
Dream of you  
Though you not mine tonight and you'll never be  
Still I'm affraid to this reality  
For the dreams are we I make believe  
And it's glad to see  
(Night it's great, my heart bleeds!)

Yeah I count my sheep well  
Sleep well all the time  
Daylight makes us strangers and moonlight makes you mine  
Through the night (I hold you tide)

While I dream, while I dream  
Dreams of you  
While I dream, while I dream  
Dream of you!
