

## L.A. Girls And Ocean Boys

Neil Young

We used to be so calm  
Now I think of you all night long  
'Cause you've been with another man  
There you are and here I am

And I know we should be free  
But freedom's a prison to me  
'Cause I lied to keep it kind  
When I left you far behind

And love became removed  
As I wrote that guilty note  
And it drove you far away

L.A. girls and ocean boys  
How did we come to share our joys  
With L.A. girls and ocean boys

It's a special kind of love  
That it takes to rise above  
Like this love I have for you  
And I still believe it's true  
Yes, I still believe it's true  
I still believe it's true
