

# Lookin' For A Leader - 2020

Neil Young

Leaders walk among us  
And I hope they hear our call  
Maybe it's a woman  
Or a black man after all  
Lookin' for a leader  
To bring our country home  
Reunite the red white and blue  
Before it turns to stone

Lookin' for somebody  
With the strength to take it on  
Keep us safe together  
And make this country strong  
Walkin' among our people  
There's someone to lead us on  
Need a rainbow of colors  
In a broken world gone wrong

Yeah we had Barack Obama  
And we really need him now  
The man who stood behind him  
Has to take his place somehow  
America has a leader  
Buildin' walls around our house  
Who don't know black lives matter  
And we got to vote him out

We got our election  
But corruption has a chance  
We got to have a big win  
To regain confidence  
America is beautiful  
But she has an ugly side  
We're lookin' for a leader  
In this country far and wide

Just like his big new fence  
This president's going down  
America's moving forward  
You can feel it in every town  
Scared of his own shadow  
Buildin' walls around our house  
He's hiding in his bunker  
Something else to lie about

We don't need a leader  
Building walls around our house  
Who don't know black lives matter  
And it's time to vote him out  
We're lookin' for a leader  
With the great spirit on his side  
Lookin' for a leader  
In this country far and wide  
We're lookin' for a leader  
With the great spirit on his side
