

# Seed Justice

Neil Young

Show me the love

I won't quit  
I won't quit  
I won't quit  
I won't quit  
I won't quit

Fighting for the farmer in the land  
In the good old ways that were here  
Since time began

Slapping and clapping at the corporations greedy hands  
For trying to steal the farm credo  
Turning soil into sand

I won't quit  
I won't quit  
Bring on seed justice to the land  
Bring on seed justice to the land  
Show me the love  
Show me the love  
Show me the love

Show me the love  
In the way we treat the earth  
And in all living things  
Do we know what they are worth?

Show me the love  
We keep poor creatures down  
To stand in their own shit  
Then we blindly go on  
And kill it, to eat it

Show me the love  
Show me the love  
Show me the love  
Show me the love  
Show me the love  
Show me the love  
Show me the love  
Show me the love

I won't quit  
I won't quit  
I won't quit  
I won't quit  
I won't quit  
Bring on seed justice to the land  
Bring on seed justice to the land  
I won't quit  
I won't quit
