Someone's Gonna Rescue You

Neil Young

Somewhere in the rays of sunshine, you find the dark
Somehow when you see the spark, it burns your heart
Someone's gonna rescue you and bring you back

I see you standing there, I hear you call
And when you look at me, you don't see it all
Someone's gonna rescue you before you fall

No one can do the things you do
Someone can save you

You're scared of the way it goes sometimes in the night
When it gets the best of you, you put up a fight
Someone's gonna rescue you and make it right

Someone's gonna rescue you
Someone's gonna rescue you
Someone's gonna rescue you
