Try

Neil Young

Darlin' the door is open.
to my heart and I've been hoping.
that you won't be the one
to struggle with the key.
we've got lots of time
to get together if we try.

oh the waiting time is over
no man sees around the corner.
walkin' in the rain
and comin' home dry.
there's somethin' missing there
it's easier to care and try

and i try to wash my hands
and i try to make amends
and i try to count my friends.

ooh oh oh.
ooh oh oh.

Well I'd like to
take a chance.
but shit Mary i can't dance.
so here's to lookin' up
your old address
golly what a mess.
we've got to take the rest and try.

we've got lots of time. to get together
if we try.
