

# Oh, Shadowless

Neko Case

Oh, shadowless  
Let's get this done  
Sandman is a-coming  
But is taking to long  
Gonna make your bed  
Gonna smooth your brow  
Call me from nowhere  
When you're safe in a dream

You don't have to ask  
Just focus past me  
Out the back door  
Shining new with dew  
Upon the grass  
Just focus past me  
Idles a comet  
Waiting for you

Oh, heart of sand  
Mouth of glue  
Don't know where you're going  
But you're safe in a dream  
Oh, shadowless  
I'm just too small  
To know where you are going  
But I feel you still

Oh, shadowless  
Let's get this done  
Sandman is a-coming  
But is taking too long

Oh, shadowless  
Let's get this done  
Sandman is a-coming  
But is taking too long
