

# People Got a Lotta Nerve

Neko Case

So the saying says  
An elephant never forgets  
Standing in the concrete cave  
Swaying side and sing  
They walked over the ocean  
And their dreams they dreamed awake  
Until the lights grew dim  
Until the cop cars came  
Everybody tells me this is crazy, yes I know

But I'm a man man man man man man eater  
But still you're surprised prised prised when I eat ya

You know they call them killer whales  
But you seem suprised  
When it pinned you down to the bottom of the tank  
Where you can't turn around  
It took half your leg and both your lungs  
And I craved I ate hearts of sharks, I know you know it

I'm a man man man man, man man man eater  
But still you're surprised prised prised when I eat ya  
It will end again in moonlit song  
It will end again in moonlit song
