

Things That Scare Me

Neko Case

Fluorescent lights engage
Blackbirds frying on a wire
Same birds that followed me to school When I was young
Were they trying to tell me something
Were they telling me to run

The hammer clicks in place
The world's gonna pay
Right down in the face of God and his saints
Claim your soul's not for sale
I'm a dying breed who still believes
Haunted by American dreams
Haunted by American dreams
