

# Full Body Xplosion

Nekrogoblikon

It worked!

BOOM!

Full body explosion  
Hate into joy  
Death's the quotient  
At last!  
They drank the potion  
The plan is in motion  
And the days are numbered  
The goblins are unencumbered  
Never thought a little gimmick such as this  
Would go so well  
They'll be laughing  
They'll be dancing  
'Cause the world is going..

BOOM!

Full body explosion

Never die  
Never gonna die  
Never gonna die  
Still alive, fuck  
Wanna die, but we're just fine  
Gotta quit  
Really gotta quit  
Really gotta quit  
Still afflicted  
Gotta quit but we can't so

He's got the news  
The die are cast  
Inform the friends  
The future's passed

Global explosion, a million hits  
Tainted souls, who gives a shit  
Drank the kool-aid, yakked it up  
We made it on our own now lap it up

BOOM!

Full body explosion

They sold the tonic,  
'cross the land  
Planted the seed  
Then soiled the plant  
They're watching humans exploding  
Another painful reminder

Never die  
Never gonna die  
Never gonna die  
Still alive, fuck  
Wanna die, but we're just fine  
Gotta quit

Really gotta quit  
Really gotta quit  
Still afflicted  
Gotta quit but we can't so

They watch reality TV  
They've got an app to track the spleens

Global explosion, a million hits  
Tainted souls, who gives a shit  
Drank the kool-aid, yakked it up  
We made it on our own, now lap it up  
Total repulsion, in the pits  
Drink it down  
Full body explosion

I just cleaned her off my shirt  
Why did she pop? They can't explain  
The evening news has no report  
We all just fertilize the dirt  
All around me people blow  
Tell me when's my time to go  
Tell me  
When's my time to go

BOOM!  
Full body explosion

Global explosion, a million hits  
Tainted souls, who gives a shit  
Drank the kool-aid, yakked it up  
We made it on our own, now lap it up  
Total repulsion, in the pits  
Drink it down  
Full body explosion

Never die never die  
We will not die
