

Gladd

Nellie McKay

It's been a long time coming
But I know you are the one
Here at home at last the days have ceased

It's been a long time coming
And I know we've just begun
All the pain has passed and there is peace

If the breath was warm and tender
Now the breath becomes a yawn
And I've been returned to sender
And I'm better since I'm gone...

It's been a long time coming
But I know you are the one
Here with time erased I'm at my best

It's been a long time coming
And I know we've just begun
Without a pretty face I can just rest

But the march is still ongoing
I can hear the drummers' roll
And it can't show signs of slowing
It is true, dear, it's my soul...

It's been a long time coming
But I know you are the one
Here at home at last the days have ceased

It's been a long time coming
And I know we've just begun
All the pain has passed and there is peace.
