I'm just a walkin' my dog
Singin' my song
Strollin' along
Yeah it's just me and my dog
Catchin' some sun
We can't go wrong

My life was lonely and blue
Yeah I was sad as a sailor
I was an angry 'un too
Then there was you
Appeared, when I was entangled
With youth, and fear, and nerves
Jingle jangle
Vermouth and beer
Were gettin' me mangled up

But then I looked in your eyes And I was no more a failure You looked so wacky and wise And I said, lord I'm happy

'Cause I'm just a walkin' my dog Singin' my song Strollin' along It's just me and my dog Catchin' some sun We can't go wrong

'Cause I don't care 'bout your hatin' and your doubt
And I don't care what the politicians spout
If you want to companion
Well just go right to the pound
And find yourself a hound
And make that doggie proud
'cause that's what it's all about

My life was tragic and sad
Yeah I was the archetypal loser
I was a pageant gone bad
Then there was you on time
And wagging your tail
In the cutest mime
And you was in jail
I said woof, be mine
And you gave a wail

And I was no longer alone And I was no more a boozer We'll make the happiest home And I said lord I'm happy

'Cause I'm just a walkin' my dog Singin' my song Strollin' along It's just me and my dog Catchin' some sun We can't go wrong

'Cause I don't care 'bout your hatin' and your doubt
And I don't care what the politicians spout
If you need a companion
Well just go right to the pound
And find yourself a hound
And make that doggie proud
'Cause that's what it's all about
That's what it's all about
