

# Freaky With You

Nelly

Let me lick you up and down  
'Til you stay stop  
Let me play with your body, baby  
Make you real hot  
Let me do all the things that a nigga wan' do  
Tell me why  
'Cause tonight, baby, I wanna get freaky with you

Uh, yeah  
Pretty lady, nice to meet you  
My name is Nelly and you're?  
She said, "Baby, you don't need to  
You know I know who you are"  
Soon as you pulled up, I peeped you  
Lace dress, all see through  
Get to talkin' 'bout her boyfriend  
Ain't tryna hear 'bout other people  
Think she said he was a ball player  
But all his plays under review  
Four play, that's a preview  
Round two, that's the sequel  
Baby, I can keep a secret  
He ain't gotta know what we do  
We low as the ground  
Call me when he ain't around

Let me lick you up and down  
'Til you stay stop, stop  
Let me play with your body, baby  
Make you real hot (you hot)  
Let me do all the things that a nigga wan' do  
Tell me why  
'Cause tonight, baby, I wanna get freaky with you

Uh, uh, yeah  
Quit tryna hide all that freakin', yeah  
I'm fantasizin' 'bout freakin' you  
I'ma need 'bout a week or two  
Pretty pussy playin' peekaboo  
Got some ideas on what we can do  
I'm talkin' 'bout the unspeakable  
You're sendin' your silhouette  
It's amazin' we ain't on a pillow yet  
'Cause the way that you got me hypnotized  
You came with your girls and I'm with the guys  
Girl, call the valet, they go get the ride  
Then it's straight to my place for a different vibe  
I swear you ain't never seen thicker guys  
Got plans, unless you wanna improvise  
Right now, don't make a sound  
You know who wearin' the crown

Let me lick you up and down  
'Til you stay stop (no, I never gon' stop, never gon' stop)  
Let me play with your body, baby  
Make you real hot (make you hot, make you hot, make you hot)  
Let me do all the things that a nigga wan' do (that a nigga wan' do)

Tell me why  
'Cause tonight, baby, I wanna get freaky with you

You, I know I know what you like  
You, shawty, you ain't gotta hide it  
Pull that to the side, and let me get inside

Let me lick you up and down  
'Til you stay stop (no, I never gon' stop, never gon' stop)  
Let me play with your body, baby  
Make you real hot (make you hot, make you hot, make you hot)  
Let me do all the things that a nigga wan' do  
Tell me why  
'Cause tonight, baby, I wanna get freaky with you
