Hangover

Nelly

6 in the morning, shorty at my door
Banging in the sheet, yea let's you want more
And who am I to tell her no if she want it?
Shorty se the pole, I say go and she on it
No hesitation or procrastination
She come and lay in time like a reservation
My demonstration, power of persuasion
Should be your education, know how to get relations
Slip, slide, right up in em down to center
Don't stop, (ey) this shorty you represent uh
Both sides, the backhand and the front in the
No lie, you gon swear I eat it up in the

I play along, I play again
I play it off, I play the hand
Her legs long, shorty let me in
Can't believe (au)

I get it in here when I step out aha
Put up the Benz and I pull the Bentley out (well alright)
I'm in your friend's, you friend's, let's talk about c'mon

If you ain't with it then girl, you're missing out
You missing out aha, you missing out yea
If you ain't with it, the problem you missing out
You missing out yea, you missing out aha
If you ain't with it then girl, you're missing out
Hangover!

Yea nigga, it's the winner huh
It's the truth and I ain't talkin poor poodles (what you say?)
You niggas gas, talkin trash
Let me here (say what?)
Like Will Smith and Obama, I'm all ears
Iced in, that's black platinum yellow card
I came for the Benz and the Bentley to my yellow brah
Same Louie's made of see it like they never saw
I got the work of jail breakers, shell pull

I got that, what does that dang like the shell Bronx?
You might catch me, you might not
Lil mama hot, you should see her body parts
Her pussy wet, I'm diving in like a life guard
I'm a equal opportunity provider
With that lean, a 69'er
Slow grinder, that's just a reminder
Roaming over shorty like a sail a provider
Get it in when I step out aha
Put up the Benz and I pull the Bentley out
I'm who your friends is talkin bout

Shit, if you ain't with it then girl you're missing out
You missing out aha, you missing out yea
If you ain't with it, the problem you missing out
You missing out yea, you missing out aha
