Nelly

What up Nelly?  
You ready to do another one bruh?  
Talk to 'em (uh, uh, uh, uh), haha

Pull up to the club just to get a-, get ahead, right  
I do this shit every night  
You can call it limelight, I'ma call it my life  
Shawty looking alright  
TK jeans on, ski-ski-skintight  
She be shaking that taillight  
Got me froze on the road like a deer in the headlights  
Oh, backwoods wanna know if you can roll  
Got CÎROC on the rocks, ice-cold  
Got the coupe on the new town road  
Real low, oh

I know we just met, but girl let's roll  
Let's roll (whoa), let's roll, let's roll (hey)  
I'll go anywhere you wanna go  
Let's go (oh-oh)

And she said, "Take me to the country, show me where you from"  
I said, "Shawty, you gon' love me and we gon' have some fun"  
I bring out my big wheel and you can climb on up  
Girl, I think you a big deal, now show your boy some love (huh)  
Just a lil bit, just a lil bit (uh)  
Just a lil bit (yeah), just a lil bit (uh, uh, uh, uh)  
We gon' have some fun, just a lil bit (uh)  
Just a lil bit (yeah), just a lil bit (yeah)  
We gon' have some

Shawty messing with a pro now, I'm a pronoun  
I'm the who, what, when, where to go now, shows sold out  
From the front to the back, hip-hop or the hoedown  
Got the game on a go route, I'm the black Tom Brady in this, I'm the GOAT no
