

# The Gank

Nelly

Come on  
Woooooooooooo

Shit Lord have mercy

I never felt this way before  
And she's all that I need and more  
Her hips and lips belong to me  
It often wakes me write out my dreams  
If I knew then wat I knew now  
She's still might be around because

I (I) can't go on  
Oh No  
I tell you what am I gonna do now (Hey)  
Without her  
My life just won't (it won't) be the same  
I tell you what am I gonna do now (Hey)  
Without  
Woooooooooooo

Shit Lord have mercy

I never thought that I would be  
So caught up I wouldnt see  
Just who would go to war for me  
And take out two or three so easily  
I give up everything to see if I found you (baby girl)  
Cause it don't mean shit without you cause

I (I) can't go on  
Oh no  
I tell you what am I gonna do now (Hey)  
Without her (without)  
My life just won't (it won't) be the same  
I tell you what am I gonna do now (Hey)  
Without  
Woooooooooooo

Shit Lord have mercy

I gave her everything she ever needed  
That why it shocked me when she said she was leavin  
i wanted to find out what was goin on cause  
I'm thinkin to myself man somethins wrong  
Smokin one day it hit me kinda fast  
That I needed to check my stash

I (I) can't go on  
Oh no  
I tell you what am I gonna do now (Hey)  
Without her (without her)  
My life just won't (it won't) be the same  
I tell you what am I gonna do now (Hey)  
Without  
cause I  
I (I) can't go on

Oh no  
I tell you what am I gonna do now (Hey)  
Without her (without her)  
My life just won't (it won't) be the same  
I tell you what am I gonna do now (Hey)  
Without Woooooooooooooooooooo

Lord have mercy
