

# Every Day All Day

Nelson Freitas

I ain't got no diamonds, ain't got no pearls to give  
But I'll give you loving, every day all day  
I might not be the flyest, I don't have expensive taste  
But I promise you I'll love you, all day in every way, my baby  
Girl I won't lie to you, but I will try for you  
Take pride in you, every day, every day, every day all day

Hm, every day all day  
(Every day all day)  
I'll be by your side, right by your side  
Every day all day  
(Every day all day)  
You don't have to worry baby, I'll be there  
Every day all day  
(Every day all day)  
Every day all day

Tú eres mi bebé, eu quero dançar com você  
Mami, dime a ver, yeah yeah yeah  
Por la mañana un café y un besito para usted  
Cómo debe ser  
Desayuno los Champs-Elysees  
Je parle français, every day all day  
Yo no te mentiré  
No no no no lo heré  
Oh no no

Every day, every day, every day all day  
(Every day all day)  
Hm, every day all day  
(Every day all day)  
Cada día, cada día

Every day all day, every day all day  
You don't have to worry baby, I'll be there  
Every day all day  
(Every day all day)  
Cada día, cada día

And I'll do it for you, I'll do it for you  
I'll do it for you, every day all day  
I'll do it for you, and I'll do it for you  
I'll do it for you  
Every day, every day, every day all day  
Every day all day  
I'll be right by your side every day  
(Every day all day)  
Oh yeah, oh yeah, oh yeah all day  
(Every day all day) Uuh uh uh  
Oh oh  
(Every day all day)  
Cada día, cada día
