

# I Just Want My Baby Back

Nelson Freitas

You used to be my everything love  
Everything I ever dreamed of  
Nothing I wouldn't do for you  
Even turn my back on my own boys  
You and me could act so crazy  
We spoke about you having my baby  
And you would be for ever my lady

But then you changed  
I changed  
We both did the same  
Now there is nothing but air between us, its a shame  
When you changed  
I changed  
We both played the game  
Now I find myself looking for lost love everyday

I dont wanna do this thing no more  
I just want my baby back(so back)  
I dont wanna play this game no more  
I just want my baby back(so back)

It used to be all about you love  
With the blink of an eye I was dead love  
I loved the way you used to hold me  
And now the two of us spoke so freely  
Nothing could come between us  
At least back in the days that I told  
But I was wrong, dead wrong  
Cause now you're gone

Cause when you changed  
I changed  
We both did the same  
Now there is nothing but air between us, its a shame  
When you changed  
I changed  
We both played the game  
Now I find myself looking for lost love everyday

I dont wanna do this thing no more(no more)  
I just want my baby back(so back, so back)  
I dont wanna play this game no more(no more)  
I just want my baby back( i just want my baby back, so back, so back)

It used to be all about you love  
With the blink of an eye I was dead love

I dont wanna do this thing no more  
I just want my baby back(so back)  
I dont wanna play this game no more  
I just want my baby back(so back)

I dont wanna do this thing no more(no more)  
I just want my baby back(i just want my baby back, so back)  
I just want my baby back  
I dont wanna play this game no more(no more)

I just want my baby back( i just want my baby back, so back, so back)
