

## Only Time Will Tell

Nelson

Hello my friend sure has been awhile  
I don't know where the time has gone  
But I really missed your smile it's been too long  
I got so much to say that I don't know where to start  
Ever since we went our separate ways  
Been a big hole in my heart.  
As I recall it was you that said goodbye  
Now you're asking me to give it one more try.

Only time will tell  
If you're gonna stand beside me through both heaven and hell  
I want to know that you're behind me  
Only time will tell  
If what we have together gonna last forever more  
And so my friend I hope you understand  
It's hard to put my trust in you  
'Cause i'm afraid you'll leave me again  
I want to believe thatcha fin'ly seen the light  
That you miss my love and you want to make it right

But only time will tell  
If you're gonna stand beside me through both heaven and hell  
I want to know that you're behind me  
Only time will tell  
If what we have together gonna last forever more  
Got no way of knowin' what the future's gonna bring  
So I'll just listen to my heart  
Because it's never lied to me and what I left to be  
Only time will tell if you're gonna stand beside me  
Through both heaven and hell I want to know if you're behind me

Only time will tell  
What we have together gonna last forever  
Hoo time will tell do you believe in me?  
Only time will tell if we're gonna be together woa'  
I wanna love that last forever
