

Yeah, yeah, yeah, yeah

You think your life is a ball and chain now (Rockstar)
Well, living like you're dead already is just insane now (Rockstar)
I finally get it's a one-way ride now (Rockstar)

I can't contain the superman inside
So shove your shadows - I want my spotlight

So I'm gonna live like a rockstar
Spread my wings and fly
Like a hit parading rockstar
I'll strut 'round like
My girl is a super model
My car is a limousine
It's all a state of mind
If you know what I mean, man
I'm gonna live like I'm a rockstar
Maybe you should do the same

Won't be the ghost in a crowded room now (Rockstar)
I got time to worry when I'm in my tomb now (Rockstar)
What would the king say if he were here now? (Rockstar)

He'd say
You're legend ain't in the rearview mirror
Your time is now, your place is here

Oh I'm gonna live like I'm a rockstar
And make the whole world mine
Like a hit parading rockstar
I'll pose like
I got a record going platinum
A mansion on a hill
Pretend I've got today
What I eventually will yeah
I'm gonna live like I'm a rockstar
You're gonna know my name
Yeah, yeah, yeah, yeah
I'll be in the hall of fame
Maybe you should do the same

You can take a number and stand in line
Be a name in the telephone book
And you'll be just a grain in the sands of time
I won't regret the chance I never took
I may not win but I will make you look

'Cause I'm gonna live like I'm a rockstar
Kiss the rules goodbye
Like a hit parading rockstar
I'll step into
The girls I wanna be with
Guys just wanna be
You'll swear you caught my single
On your MTV
I'm gonna live like I'm a rockstar

Whose band is in the hall of fame
You're gonna know my name
Yeah, yeah, yeah, yeah
Maybe you should do the same

Yeah, yeah, yeah, yeah (Rockstar)
Maybe you should do the same (Rockstar)
Yeah, yeah, yeah, yeah (Rockstar)
You're gonna know my name (Rockstar)
