

i'm not gonna kill you

Nemahsis

Order my food a little weaker
I know it's gonna make my odour less strong
You like me better as an "Emma"
I would have gained your trust sooner with that name
But that's not my name

I'm not gonna kill you
I don't wanna hurt you
Don't look so scared when I get close to you
I'm not gonna kill you
I don't wanna hurt you
Stop, can you not look at me in that way?

Can't you tell I'm fed up lately
And don't call me crazy
I don't want no judgement anymore
I'm not gonna kill you
I don't wanna hurt you
Don't look so scared when I get close to you

I know most people check the weather
I check to see how many people look like me
You feel less threatened with my hood up
But even then I see you switching seats again
Thought I wouldn't notice

I'm not gonna kill you
I don't wanna hurt you
Don't look so scared when I get close to you
I'm not gonna kill you
I don't wanna hurt you
Stop, can you not look at me in that way?

Can't you tell I'm fed up lately
And don't call me crazy
I don't want no judgement anymore
I'm not gonna kill you
I don't wanna hurt you
Don't look so scared when I get close to you

I'm not gonna kill you
I don't wanna hurt you
Don't look so scared when I get close to you
