

# Nothing Like Me

Nemesea

I don't wanna be you  
But I would give it all away  
Just to be a little bit better at being myself  
'Cause waking naked with a Jane Doe lover  
Is always better than losing this fight  
I know my message in the bottle will reach home some time

So secretly  
We scream ourselves to death  
Like sunlight blinds you  
When it hides you  
So dance with me  
Some rooms are vacant in my castle in the sky

So don't pretend you're delusion-free  
You're something else  
You are not like me  
So don't pretend you are able to see  
Right through my lies  
You are nothing like me  
You're not like me  
You are nothing like me  
You're not like me  
You are nothing like me  
So don't pretend you are setting me free  
You're full of it  
You are not like me

You claim you're a treasure hunter  
That you see the silver line  
Although my name is in the papers  
Forgery is still a crime  
You claim I am all or nothing  
I'll demonstrate that one more time (Listen carefully)  
Lick the diamond dust from my shoulders  
Find your way to paradise

So secretly  
We scream ourselves to death  
Like sunlight blinds you, hides you, fights you now  
(Don't forget I am the queen now)

So don't pretend you're delusion-free  
You're something else  
You are not like me  
So don't pretend you are able to see  
Right through my lies  
You are nothing like me  
You're not like me  
You are nothing like me  
You're not like me  
You are nothing like me  
So don't pretend you are setting me free  
You're full of it  
You are not like me

I don't wanna be myself

I don't wanna be myself  
I don't wanna be myself  
Don't pretend you're delusion-free  
You're something else  
You are not like me

You're not like me  
You are nothing like me  
You're not like me  
You are nothing like me  
You're not like me  
You are nothing like me  
You're not like me  
You are nothing like me  
So don't pretend you are setting me free  
You're full of it  
You are not like me
