Wake up!

Nemesea

I'm left for dead and so are you
Don't know what's real, don't know what's true

Why did we let it get so far?
'Cause now I'm dead and so are you.

I've never ever said it all before
Got messed up, broke down, rotten to the core

Wake UP! Wake UP! From this war!
Wake UP! Wake UP! Self assured
Wake UP! Wake UP! Kill this dream 'cause I can't leave you, I won't l
eave you now

I'm wide awake and so are you
We're left to believe that it's all true
Noooo

I've never heard you say it all before
Locked up, got stuck, crawling on the floor

Wake UP! Wake UP! From this war!
Wake UP! Wake UP! Self assured
Wake UP! Wake UP! Kill this dream 'cause I can't leave you, I won't l
eave you now

Wake UP! Wake UP! Take what's yours
Wake UP! Wake UP! Like before
Wake UP! Wake UP! Take me by the hand and lead me trough this open do
or

Did you feel it from the start?
Or was there something missing all along
And would you change it if you could?
Or would you fake it 'till the end?

I'm left for dead and so are you
Don't care what's real, don't care what's true

No

Wake UP! Wake UP! From this war!
Wake UP! Wake UP! Self assured
Wake UP! Wake UP! I need to end this pain inside 'cause there's no us
 no more

Wake UP! Wake UP!
Wake UP! Wake UP!
Wake UP! Wake UP! I will leave you, I need to leave you Now!
