

# Casanova

Nemo

And I don't even know  
Wait, what's your name?

You took off, I'm caught up in the way that you move  
Wear a dress, make me guess if I'm fallin' too soon

What you waitin' for, baby?  
You talk so sweet, I'm sugar-high  
Didn't have to go chase me  
You know I'm out here every night  
Cut the light, read my mind, don't you know what to do?  
Ooh, ooh

P-p-p-put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova, t-tell me who I am  
Put your hands on my shoulders, sh-show me how to dance, like  
(What you waitin' for, baby?)

Spin me 'round, pin me down, I got nothin' to lose (Ma-ma-ma-make me)  
Kiss the ground, touch the clouds, send my head through the roof

What you waitin' for, baby?  
T-touch me 'til I feel alive  
You don't have to go chase me  
You know I come back every time  
Cut the light, read my mind, yeah, you know what to do  
Ooh, ooh

P-p-p-put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova, t-tell me who I am  
Put your hands on my shoulders, sh-show me how to dance, like  
(What you waitin' for, baby?)  
P-p-p-put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova, t-tell me who I am  
Put your hands on my shoulders, sh-show me how to dance, like  
What you waitin' for, baby? Yeah

Again and again, again and again  
Come on now  
Again and again, again and again  
Come on now

P-p-p-put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova, t-tell me who I am  
Put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova  
P-p-p-put your hands on my shoulders, sh-show me how to dance  
Take me there, Casanova, t-tell me who I am  
Put your hands on my shoulders, sh-show me how to dance, like  
(What you waitin' for, baby? Yeah)
