

Eurostar

Nemo

Meet me in the lobby
I've been up for twenty four
I wanna dance I wanna party
Do it like no one before
I took the Eurostar from Paris
And you know what fucking for
I wanna dance I wanna party
Do it like no one before

I'm that hottie
In the lobby
Taking cute pictures
Sweet and twisted
Come and kiss this
Cherry red lipstick
I'll call Dodo
Clear my wardrobe
Want it all princess
I'm so pop queen
Everyone's watching
Screaming who is this?

If I do one thing right
It's running this whole damn night
Baby don't kill my light

Meet me in the lobby
I've been up for twenty four
I wanna dance I wanna party
Do it like no one before
I took the Eurostar from Paris
And you know what fucking for
I wanna dance I wanna party
Do it like no one before

Rose gold
Night dress
Oh so timeless
Call me Grace Kelly
Bathed in white wine
Looking so fine, my
Haven't you met me?
Life's too short
To ever get bored
I wanna get messy
Then touch up at the bus stop
I know u love it when I'm fucked up

If I do one thing right
It's running this whole damn night
Baby don't kill my light

Meet me in the lobby
I've been up for twenty four
I wanna dance I wanna party
Do it like no one before
I took the Eurostar from Paris

And you know what fucking for
I wanna dance I wanna party
Do it like no one before

Ya ya ya

I took the Eurostar from Paris
And you know what fucking for
