

# lonely af

Nemo

(I have bad news for you)

Holy shit, I feel so lonely  
Call me if you know me  
Like, "Hey, Nemo, what's up?" (He-yo what's up?)  
I was with Zoë  
But now she's with my homie  
Shit got pretty phony  
Now I'm lonely as fuck

Hello, hello, hello, woah (Hello, hello, hello, woah)  
I hit an all time low (All time low)  
While days went by, I tried to try  
But it got too hard not to cry  
Hello, hello, hello, woah (Hello, hello, hello, woah)  
I never thought she'd go (Thought she'd go)  
But she's on the run, our love's undone  
And I got tears all over my cinnamon bun, like

Holy shit, I feel so lonely  
Call me if you know me  
Like, "Hey, Nemo, what's up?"  
I was with Zoë  
But now she's with my homie (She's with my homie)  
Shit got pretty phony  
Now I'm lonely as fuck (Lonely as fuck)

I'm cold as a stone  
Hour after hour spent alone on my phone  
I don't know how to shower anymore  
Turn the water tap on  
Clothes off, towel ready, favorite song  
But no, no-no-no  
Today I think I won't

Hello, hello, hello, woah (Hello hello hello woah)  
I never thought she'd go (Thought she'd go)  
But she's on the run, our love's undone  
And I got tears all over my cinnamon bun, like

Holy shit, I feel so lonely (So lonely)  
Call me if you know me  
Like, "Hey, Nemo, what's up? (He-yo what's up?)  
I was with Zoë  
But now she's with my homie (Now she's with my homie, ah)  
Shit got pretty phony  
Now I'm lonely as fuck (Lonely as fuck)

Now I'm lonely as fuck
