

## This Body

Nemo

If this body was a house, I'd burn it down  
And build myself a place where I'd feel safe  
If this body was a night, I'd sleep it off  
Tomorrow there would be another day

But this body is a doubt, creepin' in my mind  
Tryna tell me how I'm supposed to feel inside (I feel inside)  
Ooh (I feel inside)  
And this body is a shell, nothin' but a mold  
Most people fit so well, I wonder why I don't (Wonder why I don't)  
Ooh (Wonder why I don't)

How I wish I had a body to call home

If this body was a cloud (Was a cloud), I'd float so proud (Flo  
at so proud)  
The sky would let me be the way I am (Oh)  
If this body was a sound (Was a sound), I'd let it out (Let it  
out)  
I'd scream until the world would understand (Oh)

But this body is a doubt, creepin' in my mind  
Tryna tell me how I'm supposed to feel inside (I feel inside)  
Ooh (I feel inside)  
And this body is a shell, nothin' but a mold  
Most people fit so well, I wonder why I don't (Wonder why I don't)  
Ooh (Wonder why I don't)

How I wish I had a body to call home  
How I wish I had a body to call home  
How I wish I had a body to call home
