

Video Games

Nemo

(Baby)

We don't have to talk too much (Baby)
Maybe we could be quiet (Quiet, quiet, baby)
Life can be an awful lot
It's okay if you're crying (Crying, crying, baby)

The world is tripping on some shit, it's a crazy time (Time)
Living is a bitch, I know all about that, yeah
It might take a bit 'til you'll feel alright (-right)
But if you let me in, baby

We could cook you some food, blame it all on the moon
Play video games if that's what you wanna do
We could call it a day, stay up until noon
And eat dinner on the sofa, uh
Honey, come a little closer
Let's play video games

(Baby, oah, baby) Video games
(Baby, baby)

We don't have to fix things now (Now, now)
Just give in to the moment (Moment, moment, baby)
Let's pretend we'll never need to leave this couch
And sober up in the morning (Morning, morning, baby)

The world is tripping on some shit, it's a crazy time (Time)
Living is a bitch, I know all about that (That)
And I can not predict when you'll be alright (-right)
But if you let me in, baby

We could cook you some food, blame it all on the moon (Oah-oah)
Play video games if that's what you wanna do
We could call it a day, stay up until noon (Oah)
And eat dinner on the sofa, uh
Honey, come a little closer?
Let's play video games

(Baby, baby) Video games
(Baby, baby, baby) Baby, baby, ooh
(Baby, baby) Ha, video games
(Baby, baby, baby) Yeah, yeah, yeah
(Ooh, baby)
