E

A-B-C, man, give her the D  
I'll pay for your nails, hair with E  
A-B-C, man, give her the D (You're now listening to Young Chencs)  
I'll pay for your-

Bare- Bare racks in the Burberry jacket  
Give her the woi, now she can't hack it  
Caramel one didn't come in a packet  
All on me, on me like a blanket  
Shit just clicked, but there weren't no basket  
Yo, ayy  
All on me, on me like a blanket  
Shit just clicked, but there weren't no-

Back then, I didn't get no shouts  
Don't call my phone, 'cause I ain't about, yo  
I know that I don't some wrong  
But I done some things that made her smile  
DND, offline for a while  
Don't need no speaker, this one loud  
Heard your gyal want free up the coochie  
Don't try brush that off, you're goofy  
Bro got packs, flavours, smoothies  
I like how she just look moody  
I hate how they judge, no Judy  
I would slap them man up  
But that's animal cruelty  
On the beat- On the beat, I ski  
Ride my wave, you'll drown, my G  
How your chest so high and your funds on E?

A-B-C, man, give her the D  
I'll pay for your nails, hair with ease

Bare racks in the Burberry jacket  
Give her the woi, now she can't hack it  
Caramel one didn't come in a packet  
All on me, on me like a blanket  
Shit just clicked, but there weren't no basket  
Yo, ayy  
All on me, on me like a blanket  
Shit just clicked, but there weren't no-

Mad at me cah you got no funds  
Last year bro dipped, based up in cunch  
Ain't got no time, can't go for lunch  
Bae chill, stop saying I don't show you love  
Different fabric, bread and elastic  
Can't fumble, I got tactics  
I keep my circle small 'cause  
Man love doing up bitch boy antics  
Come like he done gymnastics, yo  
Kay made the trap do backflips  
I went- I went two for two  
I bet they're thinking nah, not a hat trick  
Told- Told her, "Lift your leg up a bit"

I mean what I said, bro, I ain't have shit  
You ain't in the field, so get off the pitch  
Back to my yard, yo, I got to flick  
Just got the AMG  
It's a big boy ting, that ain't discrete

Bare racks in the Burberry jacket
