

# APPLAUSE

Nemzzz

Ay, SAIONTHEBEAT

Yo

Cleaned up, no siff

Spent like three or four now I got man thinking, who's this kid  
?

She got back man, slap that, grab that, all out attack like I'm  
on the pitch

Firm that L, made that back, safe to say I'm a walking lit (Safe  
to say I'm a, safe to say I'm a)

Step with steel, don't know about bangles

Took them L's and reinvested

0.5's on different angles, yo

Don't even stress me out, just say it with chest, don't take it  
back

Made too much on god like bro, yo, look at the Jenga stack

The same way I'm swerving BS

The same way I'm swerving hoes

Don't even know why you act like that, gotta let people think they're  
grown

And you ain't ever been on job, I'll direct man to the public  
roads

End of the day, It's me inside my head and I'm talking loads, yo

Spent like three on the Prada drop, don't know 'bout the Dior top (Ay)

Ain't no online shopper, me I don't know which one to cop (Ay)

Palm angels or the Moncler ting, I'm pissed that it ain't in stock (Yo)

And I'm buying this shit just to see you take it off (Yo)

Bad one movin' parrow

True say I'm on point, no arrow

Sweetest one and she rollin' with me, ought you hit that kind of  
narrow

At neck, wait a sec, turn around quick and lift your leg

I'm an antisocial kid so more time, I ain't gonna waste my breath

Certain shit I store like paint

Me, I'm in LDM right now and I might go link up with [?]

Just cuz' me and you both got bread does not mean me and you the  
same

Just cuz' me and you both got bread does not mean me and you the  
same, me and you the same

Don't bell my phone

I don't wanna link up, oh my bro, oh

And I'm too discreet, I'm too lowkey so get to know, yo

Bro tryna let man down, I looked at him and I told him no

Can't stop this whip for fed, K got a line on him, no road

Wait, applause, yo, ay  
Mate sicked up like I won an award  
Out of sight, I'm out of reach  
Lies on me against all odds  
Shoot my shot, the look, I scored, ay  
And don't pull my strings, yo  
Leave that shit to [?], ay
