Nemzzz

I don't know why you're still talking to these bitches  
Tryna act like you're that guy, you're not that guy  
And why's your phone still on DND  
I'm tired of this, can you pick up?  
Like, it's weird but -

Didn't get no sleep last night, I'm late  
But time will tell  
Said, "if you love me, why would you do it?"  
I don't know myself (Yo)  
That one there is a work of art  
But cannot fit on the shelf (Aye)

Me versus me so I don't really care  
If people doubt (Yo)  
Popular loner kid, but still on go if shit gets wild  
'Kay lowkey don't talk to much, but still got loud  
You man broke, it ain't a joke (Aye)  
But I won't hate on that, 'cah true say I been there before  
Can't lie I was short on that and my card declined  
I left the store (I left the store)  
Could barely afford that Uber trip, like  
"Bae I can't take you out," (Aye)  
Barely afford that 3.5 like, "bro can you sort me out?" (Aye)  
Fast-forward two years will not sign for a million pound

Yo, didn't get no sleep last night, I'm late  
But time will tell, you  
Said "If you love me, why would you do it?"  
I don't know myself  
That one there is a work of art  
But cannot fit on the shelf  
But cannot fit on the shelf  
Didn't get no sleep last night, I'm late  
But time will tell, you  
Said "If you love me, why would you do it?"  
I don't know myself  
That one there is a work of art  
But cannot fit on the shelf  
But cannot fit on the shelf

I know that I done you wrong  
But I didn't mean it like that  
(Aye) put it on me got me leanin' back (Aye)  
Yo, I'll handle that in a bit  
If rap didn't go like this  
Then I would've been taking trips  
Yo, don't wanna link up, drink up (Aye)  
Leave me out of that (out of that)  
En-route to the cash okay, loud that up on the satnav'  
Girl like you should never pay  
Sweet one expensive taste  
Yo, tell me where you at right now  
Swear I'll pull up today  
Can't even dodge, no ball, so I blocked  
Yo, I ain't even time right now I bet you clocked (clocked)  
I call this my skater flow

I don't want your gyal, nah G keep that hoe

Didn't get no sleep last night, I'm late

But time will tell, yo

Said, "If you love me, why would you do it?"

I don't know myself, yo
