Nemzzz

A celebration of  
(ZEL, this shit crazy)  
A celebration of existence

Was gonna reach out to you right now  
But I just CBA with the stress  
Don't even put it on your mum's life  
All that's promised in life is death  
Didn't wanna break your heart  
But if you want, I'll say it with chest  
I go so hard, I'm DND  
Cause I can't be broke and low like them

It was that deep, me in the backseat  
Thinking, "Yo, Let's get them guys"  
K got locked just recently  
And now it got me thinking twice  
Only right that I got me a wife  
When I'm single I cannot focus, Yo  
You man feel outspoken  
Me, I just feel like I can't be open  
Each and everyone of us got motion  
So all the pendants gonna be frozen  
You man talk freely about me  
When I'm there, the enrgy different  
If I bell you, I hear excuses  
If you bell me, I'm there in an instant  
There ain't no cheat code to success  
Just gotta grind and stay consistent  
Yo, everyday for me is the start of the week  
Gotta rise up, get this P  
Yo, For everyone else, not me  
I grew up where nobody makes it out  
It's prominent they gonna hate to see  
Think no way, why not me  
I'm DND like I wanna sleep

Was gonna reach out to you right now  
But I just CBA with the stress  
Don't even put it on your mum's life  
All that's promised in life is death  
Didn't wanna break your heart  
But if you want, I'll say it with chest  
I go so hard, I'm DND  
Cause I can't be broke and low like them

Recently, my anger been getting outta hand  
Didn't ask for a helping hand  
And as a result I'm counting bands  
Big man wanna act so bad  
But when I hopped out, he's doing the dash  
Make it make sense  
This track like therapy to me  
Demons affect my mental  
You said that I ain't shit  
Flip the script now I'm judgemental  
Home girl got heartbroken

Now she debating being a slag  
It's mad coz I dropped "2MS" last year  
Just turnt that down, it's mad  
KMT, like, what the fuck  
Me bro, 2 rambos uo  
Shit don't wanna affect my image  
How dare you say I'm privileged  
I was broke, you just don't listen

Was gonna reach out to you right now  
But I just CBA with the stress  
Don't even put it on your mum's life  
All that's promised in life is death
