

## Transparent

Nemzzz

Transparent I see straight through your lies  
Big back, small waist had to pull her to the side  
Don't bother tryna say your my guy  
Can tell you think I don't like your type

Moretime I be chilling on my own  
I don't know why these hoes keep belling off my phone  
Seen a lot of things in my life turned me cold  
Getting money  
I put any of it  
Issues on hold  
Tell bro I ain't ever going broke  
I said it and I meant it  
Probably thinks its a joke  
If man said their on me  
Its probably a hoax  
Old friends tryna pop up way quicker than  
Putting in the work  
Ain't relying on the lottery  
I'm tryna make these moves  
Tell these haters get off of me  
I know that they envy  
But its funny cause they copy me

If you need any flavours bros got it  
Counting everydays profit  
Green light no stopping  
Have my gs clean up like the washing  
She don't even know my name  
She just thinks that I'm popping  
Started with the main  
Then it finished with the topping  
He didn't even clock told bro that we got him
