Neon Hitch

Anarchist, anarchist  
Anarchist, anarchist

Welcome to me and my anarchy  
I'm just the way my mom made me  
For the people that don't understand me  
I don't give a fuck I'm not your wifey

Raised by wolves I'm a anarchist  
I don't play by the rules I'm an anarchist  
I fall off the rails like an anarchist  
Fucked with a lot of boys that I don't miss, oh

Anarchist, yeah I'm an anarchist  
Anarchist, and I'm living my life

Running riots with my family  
I ain't trying to hide my story  
Even swinging on the pole was a part of me  
Poppin' E's at this club party

Yeah you don't know me  
Showing off my body while I'm on trapeze  
Got in a lot of trouble when I was 15  
But I was saved by the anarchy

Anarchist, yeah I'm an anarchist  
Anarchist, and I'm living my life

See I'm so pretty wearing all my black and red  
Black and red, black and red, black and red  
See I'm so pretty wearing all my black and red  
Black and red, black and red, black and red  
Just so pretty [?] black and red  
Black and red, black and red, black and red

Anarchy, made me, understand me, you don't understand me  
Anarchy, made me, you don't understand me, understand me  
Welcome to me and my anarchy
