

# Firetiger

Neon Hitch

On the first and the first fight  
I'm only here to love you, only for one more night, boy  
You wanna love me and let me go  
I'm only here for the night, only for a one night, boy

Oh, here we go under these stars  
But you're holding me back, holding me back, holding me back  
You're holding me back, holding me back, holding me back

I am the tiger, welcome to my jungle  
You're just a cheater, why you trying keep me chains on?  
I fly the sky  
I fly the sky  
Why you trying keep me chains on?

They told me they can't score, just land in land  
So, just I walked away, baby  
Walked away, baby  
Walked away and found you

Oh, no, here we are under the stars  
Welcome to my jungle, baby  
To my jungle, baby  
Oh, no, you let me go  
Now let me go  
Oh, let me go  
I am a tiger, I know you're a cheater  
You are, you are, you are
