# Problem

**Neon Hitch**

I've been worried 'bout the wrong thing, too long
Sitting on the wrong thing, too long
I don't give a fuck no more
Don't give no fucks no more
I'ma do it my way, my way
What you gonna, gonna say?
Oh, yeah
Tell me what to do

I'll walk away from you
I'll walk away from you
'Cause I'm worried 'bout the wrong thing, too long
Worried 'bout the bad things, oh no
What you gonna do?

I'ma just live my life
The way that I want to
And I'ma do stupid shit, most days
I'll do what I want to, ooh

I know I'm a fuckin' problem
I know this is what they say
Well I'm just living my life
Gonna live it my way, my way

Ain't nobody perfect, I know I do wrong
On this land walking, we all flesh and bones
Learnin' on the way
Just learnin' on the way

I'ma just live my life
The way that I want to
And I'ma do stupid shit, most days
I'll do what I want to, ooh

I know I'm a fuckin' problem
I know this is what they say
Well I'm just living my life
Gonna live it my way, my way

I've been worried 'bout the wrong thing, too long
Sitting on the wrong thing, too long
I don't give a fuck no more
Don't give no fucks no more
I'ma do it my way, my way
What you gonna, gonna say?
Oh, yeah
Tell me what to do

I'll walk away from you yeah
I'll walk away from you yeah
I'll walk away from you yeah
I've been worried 'bout the wrong thing, too long
Sitting on the wrong thing, too long
I don't give a fuck no more

I know I'm a fuckin' problem

I know this is what they say
Well I'm just living my life
Gonna live it my way, my way

I know I'm a fuckin' problem
I know this is what they say
Well I'm just living my life
I'm gonna live it my way

Gonna live it
Gonna live it
Gonna live it my way nah
My way way nah
Live it my way nah
Live it my way nah
My way nah yeah

They say that I'm a problem, oh yeah
