

Cruel Intentions

Neon Trees

First time I got high with you
Ruined the birthday party
Last time I got drunk with you
Woke up with you wrapped around my body

Good sex, good try
Good god, it's the last time
That's what I tell myself every night

You got cruel intentions
Sink your teeth in
To your new obsession
3 day weekends

Well I'll be gone on Monday
You clean up the mess you made
You got cruel intentions
And I intend to run away
(Run away, run away)
You got cruel intentions, yeah
(Run away, run away)

First time I got scared of you
Ripped the clothes right off me
Last time I got mad at you
Following me home when I said stop it

No more, last ride
Missed you, last night
Good advice, you're gonna ruin my life

You got cruel intentions
Sink your teeth in
To your new obsession
3 day weekends

Well I'll be gone on Monday
You clean up the mess you made
You got cruel intentions
And I intend to run away

I get all love drunk 'n hazy
That's why I keep runnning away
I been feelin' better it's true
So if you're gonna fuck me up for good
Then take me with you, oh no

You got cruel intentions, yeah
Sink your teeth in
To your new obsession
3 day weekends

Well I'll be gone on Monday
You clean up the mess you made
You got cruel intentions

You got cruel intentions

Sink your teeth in
To your new obsession
3 day weekends

Well I'll be gone on Monday
You clean up the mess you made
You got cruel intentions
And I intend to run away
(Run away, run away)
You got cruel intentions, yeah
(Run away, run away)

You got cruel intentions, yeah
(Run away, run away)
Cruel intentions, yeah
